Amazing Advice:

If you have a problem or need some advice, please write your questions or problems on a note and put them in the box in reception.

You don't have to put your name on and I'll try to answer as many as possible. (I'm a trained peer mediator)

My tip of the week is: If you want to get better at maths, you need to go on Mathematics every day!

Outfit of the fortnight

The outfit of the fortnight goes to Mrs. Howarth because of her lovely, pink shoes!

The challenge is now on for all staff (including boys) to win.

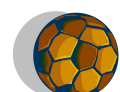

Good luck and get visiting New look for a new style!

Football report:

It was an amazing match with great team work and great skills. As the last minute arrived, Mohammed's team equalized. They work hard during the last minute Tyler's team got a fantastic goal to make the score 3-2.

Rexhep was the man of the match for making space.

Rainforest , River and Rowing

Blue class went to the River and Rowing Museum in Henley. When I went on my trip me and my class had to walk across a bridge with so many holes. I was scared! I learned lots of things including the fact that a river cannot go up hill.

We did some amazing experiments. I thought they were going to blow up in my face.

Green class went to the Living Rainforest in Newbury.

They saw loads of weird and wonderful plants and creatures. By Emily
