

Maths Curriculum News

Staff	Ms Soulsby, Mrs Grimes, Mrs Orwin
Key Targets	<p>All children have individual targets to work on this term.</p> <p>Key targets:</p> <ul style="list-style-type: none">• Rapid recall of number bonds to 20 (eg $6+7=13$, $7+8=15$)• Know and recall quickly the 3x and 4x tables – moving onto 6x and 7x• Know the associated division facts for 3x and 4x tables
Maths	<p>Maths themes for Term 4 will focus on:</p> <ul style="list-style-type: none">• Rounding to 10, 100• Vertical addition, including carrying of 10s• Vertical subtraction, including exchanging
How can you help?	<p>Help your child learn their number bonds and times tables, especially those ‘tricky’ ones – they really do need to have instant recall. They’re doing really well with the 3x and 4x tables, and some children are now onto their 6x tables, your help is invaluable.</p> <p>http://www.hartfordprimaryschool.co.uk/Subtraction.pdf - gives a good idea of the progression from YR to Y6 in subtraction, and shows you the approaches we use to teach this tricky aspect of maths. I would ask that parents do not try and teach the strategy before we meet it in class – this will help to avoid any unnecessary confusion. Thank you.</p>
Homework	<p>I aim to send homework home on a Monday. This should be completed and returned the following Monday. Children who repeatedly do not complete homework tasks will be asked to complete it during playtimes.</p>
