

New Christ Church Primary School Newsletter 12th February, 2010

This week at NCC...

We've arrived at the end of what has been an exceptionally tiring term for everyone—not helped by the incredible snow at the start of the year! Staff and children are incredibly tired, but I am extremely pleased with the way in which everyone is continuing to make positive contributions to school life—it really is a happy place to be!

I was delighted that so many parents were able to come along to the information session about the CAP project for our younger children—we were able to talk through a lot of important issues and it was good to be able to address anxieties and answer your queries. Thank you all for finding the time and thinking so carefully about the project.

Thank you also for your contributions to the Haiti appeal today, I'm sure the money will be put to very good use indeed. Year 6 have almost finished counting the Advent Project donations and I should be able to let you know the final figure after half term.

Lent will have begun by the time we come back after the Half Term break—this year, for our Lent project, we will be setting the children a spelling challenge and asking them to collect sponsorship for each word they learn to spell. All the words are key scientific vocabulary appropriate for each year group. The Project will culminate with a Spelling Bee. We hope to raise money this year for our partner Diocese, Nandyal, in Southern India.

As always, we are grateful for the incredible support and friendship you all offer us as we work with your children—thank you so much for this, you really do make a difference!

Have a wonderful half term break,
